Vontier Collaborates with NACS Foundation to Combat Food Insecurity Via Neighborhood Nourish Program

2025-10-13

Donations collected through volunteer events will go towards supplying local food pantries and drives

RALEIGH, N.C.--(BUSINESS WIRE)-- **Vontier Corporation** ("Vontier") (NYSE: VNT), a leading global provider of critical technologies and solutions to connect, manage, and scale the mobility ecosystem, announced today its collaboration with the **National Association of Convenience Stores (NACS) Foundation's Neighborhood Nourish Program** – a pioneering initiative fighting hunger, reducing food waste and strengthening communities.

Building on the Foundation's success in recovering over 76,000 pounds of food during the 2024 NACS Show in Las Vegas – equivalent to more than 64,000 meals – Vontier's commitment of \$50,000 in 2025 will help mobilize volunteer teams to support the Foundation's signature month-long food recovery event this year. The program channels surplus food donations from retailers and suppliers to local food banks and organizations, ensuring resources reach families facing food insecurity in the Chicago area and other communities across the United States.

"At Vontier, our commitment extends far beyond delivering innovative technologies – we understand that our true success is measured by the strength and well-being of the communities where our customers and employees live and work," said Katie Rowen, Chief Administrative Officer and President of the Vontier Foundation at Vontier. "By advancing both the technology ecosystem for convenience retailers and supporting the communities they serve, we bring our purpose to life through impactful programs like Neighborhood Nourish."

As part of this collaboration, Vontier employees will volunteer alongside the NACS Foundation on October 17, 2025, helping to distribute food donations among four local pantries serving the greater Chicago community during the 2025 NACS Show.

“Vontier’s generous support significantly amplifies our capacity to combat hunger and food insecurity, uniting businesses and individuals in a shared mission to uplift vulnerable communities,” said Kevin O’Connell, executive director of the NACS Foundation.
